

GRAB YOUR STUDENTS WITH VOKI

Go to <http://voki.com>, click **REGISTER** and create your Voki account. Once you login to Voki, you're ready to create your fun animated video.

Share Your Video

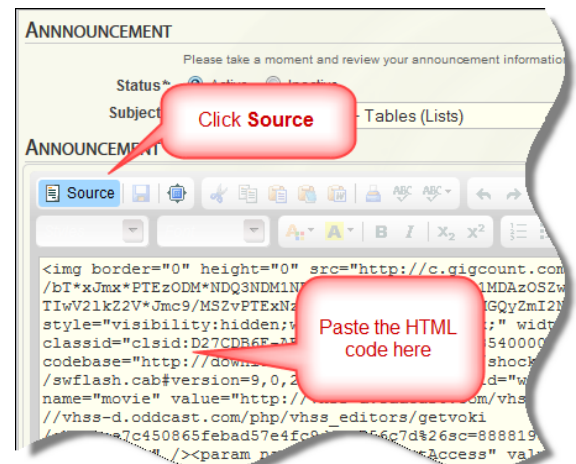

You can share your video using the **link** or **HTML code** provided in Voki.

- Copy the link in Voki and paste it in your course website, email, blog, etc.
- Copy the code in Voki and paste it in a web page or Power Point (embed HTML code).

How to Embed Your Voki Video in a Webpage

You can embed the Voki HTML code so the video can be played from inside a webpage. For example, embed the code in your LMS announcement, discussion forum posting, learning object, or quiz question.

1. While the webpage's HTML editor, click the **Source** button (see figure at right).
2. Click in the text box area and paste the code (the HTML code you copied from Voki).
3. Click **Save**. Your video will be embedded in the webpage.

Note: You won't be able to play the video until you view the webpage outside of edit view. If you are in Seaport for example, go to the Student View to play the Voki video.

Have fun with
