

What Can Students See in Advance?

Parts of the course website are available to students **one week before the course start** date for all Coastline courses (Coastline and Military/ContractEd). The parts visible to students in advance are:

- **Course Information:** How to Begin, Learning Outcomes, Grading Rubric, FAQs, and Letter of Agreement.
- **Instructor Profile**
- **Course Lessons:** Lesson titles, lesson comments, and lesson start dates. **Students can't go inside a lesson and see the content.**
- **Course Materials:** Open to students so they can get important textbook information.

On the course start date registered students can see the entire course content (including all the Course Information templates such as Course Profile, Course Syllabus, Exam Information, and Lesson Schedule).

Military/ContractEd: All parts of the course website are available to registered students **one week** before the course start date.
